JAMBO RAFIKI! (Hello Friends)! Welcome to this beautiful month of April, a month of joy, hope, and renewal. The spring buds are coming alive, the warmer weather and abundant sunshine are waking our weary souls from the still of winter. We are nourished by the Easter season and pray that you experience that feeling of fullness in your lives. Enjoy the bounty and miracles that surround you each day! You are a blessing to us, and we appreciate each and every one of you!

In The News.....

MBG Team member Spotlight: **Fadhili Omary**. Fadhili has been one of the most instrumental team members of MBG. He lives with our Director **David Kayuni** and his wife **Fibi** and has become a valued family member with them in caring for their sons **Kendrick** (6) and **Robert** (7mos.). He is learning how to care for the community with David as his mentor. Fadhili spent a year in the USA in Idaho during his senior year of High School and became aware of a different culture other than his own. He speaks and writes very good English and wants to learn, help, and serve all he is able. When David heads out to do his work-Fadhili is right next to him. Fadhili exudes kindness, love, and most importantly, a willingness every day to help his fellow community members.

Focus for April

IMPACT CENTER

Invest, **Mission**, **Pray**, **Act**, **Care**, and **Teach**! **This is the heartbeat of our work!** We know that we must grow, and that leap is upon us! MBG has been working in the rural communities of the northern Arusha district in Tanzania for over 4 years. During this time, we have been learning about the community itself. We started small, serving one widow or family in need at a time. This has given us time to learn and delve into the larger need. We have now discovered that a larger center will serve the community with much more than walking door to door. The needs are beyond what you and I can wrap our head around. There are NO government actions or funds that will ever come to this community. God has led us there to see the need-and it is verified. The mud huts and hunger exist. The lack of education is real (desired but not attained). Food, water, clothing, and medical care are basic needs **but not reality for most**. We aren't big but God knows our hearts, desires, and prayers to love and serve. We serve a big God, and we know his power exceeds what we can imagine!

Here is where each of us can **IMPACT** this story. We have a **big goal** ahead of us. This story is real and so is our ask. We have a "Match" to each dollar we can raise to build this center!! That is a HUGE gift! Your \$1 becomes \$2, or your \$50 becomes \$100. Your legacy can be placed on the wall of this center, and you will be prayed over and remembered for generations to come. Our website, www.missionbarista.org contains a method to share your gifts to build this life sustaining center. Remember – there is a match for your dollar, and this will grow our fundraising effort quickly. **Thank You** for your prayers as we know that there are so many needs in this world.

Our heartfelt thanks for your kind consideration on this work that will change hundreds if not thousands of people for today, tomorrow, and forever.

MBG's live "Coffee & Conversations" with Pam & Jo will not be airing this month on April 12th at 9:30. Mark your calendars for Saturday, May 10th at 9:30 when we will resume this fun, and uplifting way to start your morning!
